Safety Precautions:

1. keep away from foodstuffs, empty foodstuff containers and animals feed.
2. avoid contact with mouth, eyes and skin and avoid inhalation of the fungicide.
3. wash thoroughly the contaminated clothes and parts of the body after handling.
4. do not smoke, drink, eat and chew anything while handling.
5. wear full protective clothing while handling.
6. the product is toxic to fish. take care for avoiding mixing with any water bodies
7. Avoid contamination of environment and water.

Symptom of Poisoning:

Early symptoms may be headache, dizziness, drowsiness, nausea or vomiting.

First Aid:

Benalaxyl technical 92% min

(Systemic Fungicide)

Benalaxyl Technical is used for making its approved fungicide formulations.

Chemical Composition:	Ingredient	%W/W
1-methoxy-1-oxopropan-2-yl 2-(N-(2,6-dimethyl phenyl)-2-phenylacetamido)propanoate		1.50 % w/w
2,6-dimethyl aniline		0.5 % w/w
Benalaxyl Technical	active ingredient	92.0 w/w
Methyl 2-(N-(2,4-dimethylphenyl)-2-phenylacetamido) propanoate		1.00 % w/w
Methyl N-(N-phenylacetyl-N-2,6-xylyanyl) -N-2,6 xylylalaninate (diastereoisomers GC/1 +GC/2)		1.00 % w/w
N-(2,6-dimethylphenyl) -N-ethyl-2-phenylacetamide		1.00 % w/w
N-(2,6-dimethylphenyl)-2-ethyl-2-phenylacetamide		1.00 % w/w
Volatile matter		1.00 % w/w
Water		1.00 % w/w
Total:		100.000% w/w

Good Practices relating to pesticide application techniques

Direction of Use

Not applicable because it is a technical product.

Weather Condition(in general):

Not applicable because it is a technical product.

Soil & Water(where ever applicable):

Not applicable because it is a technical product.

Crop Stage for application:

Not applicable because it is a technical product.

Application Technique

Not applicable because it is a technical product.

Equipment Type:

Not applicable because it is a technical product.

NozzleType:

Not applicable because it is a technical product.

Dosage:

Instruction for Mixing:

Not applicable because it is a technical product.

Caution: Not to Be Used on Crops Other Than Specified on This Label/Leaflet

Re-entry Period

Not applicable because it is a technical product.

Pre-Harvesting Interval

Not applicable because it is a technical product.

Manner and Time of Application

Not applicable because it is a technical product.

Application Timing

Not applicable because it is a technical product.

Frequency

Not applicable because it is a technical product.

Stages during which pesticides should not be applied on any crop :

Not applicable because it is a technical product.

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests :

Toxic to fish, hence do not contaminate ponds, lakes , rivers or other water bodies.

Symptoms Of Poisoning

Weakness, fatigue, dyspnoea, headache,nausea,vomiting etc may occur.

First Aid

1. If Ingestion: If person is conscious and alert. Rinse mouth with water. Give 1-2 glass of water to drink. Call doctor. Do not induce vomiting until and unless desired by Doctor.
2. If clothing and skin are contaminated, remove the clothes and wash the contaminated skin with copious amount of soap and water.
3. If eyes are contaminated, flush with plenty of saline/clean water for about 10 to 15 minutes.
4. If inhaled, remove the patient to fresh air.

Antidote

No specific antidote is known. Treat symptomatically.

Phytotoxicity

Not applicable because it is a technical product.

Safety Precaution:

1. Keep away from foodstuffs, empty foodstuff containers and animals feed.
2. Avoid contact with mouth, eyes and skin and avoid inhalation of the fungicide.
3. Wash thoroughly the contaminated clothes and parts of the body after handling.
4. Do not smoke, drink, eat and chew anything while handling.
5. Wear full protective clothing while handling.
6. The product is toxic to fish. Take care for avoiding mixing with any water bodies.
- 7.Avoid contamination of environment and water.

Storage Conditions

1. The package containing fungicides shall be stored in separate rooms or premises away from the rooms or premises used for storing other articles or shall be kept in separate almirahs under lock and key depending upon the quantity and nature of the fungicides.
2. The rooms or premises meant storing fungicides shall be well built, dry, well-lit and ventilated and of sufficient dimension to prevent environmental contamination with vapour of fungicide

Cautionary Statement:

the product is toxic to fish. take care for avoiding mixing with any water bodies

Caution: Not to Be Used on Crops Other Than Specified on This Label/Leaflet "

Disposal of used containers, washing from equipment and surplus material :

1. It shall be the duty of manufacturers, formulators of fungicides and operators to dispose packages or surplus materials and washing in a safe manner so as to prevent environmental or water pollution.
2. The used packages shall not be left outside to prevent their re-use.
3. The packages shall be broken and buried away from habitation.
