Emamectin benzoate 3% Thiamethoxam 12% WG

(Systemic Insecticide)

-

Emamectin benzoate 3.0% + Thiamethoxam 12.0% WG is an insecticidal combination, used for the control of tea mosquito bug and tea looper on Tea crop.

| Chemical Composition: | Ingredient | %W/W |
|---------------------------------------|-------------------|--------------------|
| Alpha Olefine Sulphonate | other ingredient | 05.00 % w/w |
| Butylated hydroxyl Toluene | other ingredient | 01.00 % w/w |
| Emamectin benzoate a.i | active ingredient | 03.00 % w/w |
| Lactose | other ingredient | Q.S % w/w |
| Octyl Phenol Ethoxylated | other ingredient | 01.00 % w/w |
| Sodium Benzoate | other ingredient | 01.00 % w/w |
| Sodium Dialkyl Naphthalene Sulphonate | other ingredient | 07.00 % w/w |
| Sodium lignosulfonate | other ingredient | 05.00 % w/w |
| Starch | other ingredient | 25.00 % w/w |
| Thiamethoxam a.i. | active ingredient | 12.00 % w/w |
| Total: | | 100.00% w/w |

Recommendation

| Crop(s) | Common Name of Pest | Dosage/HA | | Dilution in Water
L | Crop Stage | Re-entry Period | Pre Harvest | Frequency |
|----------------|------------------------------------|---------------------------|--------------------------|--------------------------------|-------------------|------------------------|--------------------|--|
| | | AI
gm | Formulation
g | | | | | |
| Tea | Tea Mosquito Bug and Tea
Looper | (4.5+18.0)-(60.
+24.0) | 150-200 | 400-500 L | | 24 hours | 7 days | One and and
repeat application
as necessary. |

Note:- -

Good Practices relating to pesticide application techniques

Direction of Use

1. Take the measured quantity of Emamectin benzoate 3.0% + Thiamethoxam 12.0% WG add to small quantity of water, mix thoroughly and then add the remaining quantity of water while stirring vigorously.
2. Do not spray facing the wind.

Weather Condition(in general):

Apply during clear sky and do not spray during windy conditions.

Soil & Water(where ever applicable):

All types of soil and water

Crop Stage for application:

Application Technique

Equipment type: Knapsack power sprayer, motorized knapsack sprayer cum duster, compression knapsack sprayer, compression knapsack battery sprayer wheel barrow sprayer and HTP power sprayer.

Nozzle Type: Hollow cone

Caution: Not to Be Used on Crops Other Than Specified on This Label/Leaflet

Equipment Type:

Knapsack power sprayer, motorized knapsack sprayer cum duster, compression knapsack sprayer, compression knapsack battery sprayer wheel barrow sprayer and HTP power sprayer

NozzleType:

Hollow cone

Dosage:

150-200 g/ha

Instruction for Mixing:

Thoroughly mix the required quantity of Emamectin benzoate 3.0% + Thiamethoxam 12.0% WG into the water volume as per requirement for the field area.

Re-entry Period

24 hours

Manner and Time of Application

-

Application Timing

Preferably in the morning or evening hours.

Frequency

One and repeat application as necessary.

Stages during which pesticides should not be applied on any crop :

=

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests :

-

Symptoms Of Poisoning

Headache, dizziness, ataxia, nausea, vomiting, abdominal pain, diarrhea, may cause skin and eye irritation, convulsions, tremors, dialation of pupils, spentaneous movement

First Aid

If ingested: If person is conscious and alert, rinse mouth with water and give 1 to 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induced vomiting until and unless desired by attending physician.

If inhaled: Take the patient to fresh air and take care of body temperature. If patient is breathing with difficulty, give artificial respiration, preferably with mouth to mouth breathing. Consult a physician.

In case of skin contact: Wash thoroughly the affected part of body with soap and plenty of water including hairs and under fingernails. If pain, redness or irritation persists, consult a doctor. All the contaminated clothes should be segregated and thoroughly washed with soap and water separately before use.

In case of eye contact: Rinse gently with plenty of water at least for 15 minutes. If pain, irritation, redness or photophobia persists. Consult eye specialist.

Antidote

No specific antidote, symptomatic and supportive therapy

Phytotoxicity

The product is not phytotoxic when used as per recommendation.

Storage Conditions

Caution:Í Not to Be Used on Crops Other Than Specified on This Label/LeafletÍ "

1. The package containing Insecticides formulation shall be stored in separate rooms or premises away from the rooms or premises used for storing other articles particularly articles of food or shall be kept in separate almirahs under lock and key depending upon the quantity and nature of pesticides.
2. The rooms or premises meant for storing the Insecticides formulation shall be well built, airy, well lit and ventilated and of sufficient dimension to prevent environmental contamination with vapour of Insecticides formulation.

Safety Precaution:

1. Keep away from foodstuffs, empty foodstuff containers and animals food.
2. Avoid contact with mouth, eyes and skin.
3. Avoid inhalation the spray mist. Spray in the direction of wind.
4. Wash thoroughly the contaminated clothes and parts of the body after spraying.
5. Do not smoke, drink, eat and chew anything while spraying.
6. Wear full protective clothing while mixing and spraying.

Cautionary Statement:

- i. It is toxic to honey bees. spray application should be avoided during the foraging period of bees.**
- ii. Highly toxic to fish, aquatic organisms hence should not be used near water bodies, aquaculture or pisciculture.**
- iii. not to be used for any purpose other than those subscribed on label and leaflets.**
- iv. destroy the container after use as directed on leaflet.**

Disposal of used containers, washing from equipment and surplus material :

1. It shall be the duty of manufacturers, formulators of insecticides and operators to dispose packages or surplus materials and washing in a safe manner so as to prevent environmental or water pollution.
2. The used packages shall not be left outside to prevent their re-use.
3. Dangerous to re-use empty containers. Packages shall be broken and buried away from habitation.
