Safety Precautions:

keep away from foodstuffs, empty foodstuff containers and animals feed. avoid contact with mouth, eyes and skin and avoid inhalation of the insecticide. wash thoroughly the contaminated clothes and part of the body after handling. do not smoke, drink, eat and chew anything while handling. wear full protective clothing while handling. do not discharge into lakes, streams, ponds and water bodies.

Symptom of Poisoning:

the symptoms of poisoning may be severe vomiting, hypotension, pulmonary dysfunction, oral mucosal and gastrointestinal irritation, transient liver and renal dysfunction and irritation to skin and eyes may occur.

First Aid:

if ingested: rinse the mouth with water and give 1 to 2 glass of water to drink. do not induce vomiting until and unless desired by attending physician. if inhaled: remove the patient into fresh air. if patient is not breathing or breathing with difficulty, give artificial respiration, preferably with mouth breathing.

in case of skin contact: wash with soap and plenty of water. all the contaminated clothes should be segregated and thoroughly washed with soap and water separately before use. in case of eye contact: rinse gently with plenty of water at least 15 minutes. if pain, irritation, redness and photophobia persists. consult eye specialist.

Antidote

no specific antidote. treat symptomatically.

Cautionary statements:

1. not to be used for any purpose other than those subscribed on label and leaflets.
2. destroy containers after use as directed on leaflets.
3. Toxic for fish. Do not contaminate lakes, ponds and water bodies.

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests :

1Toxic for fish. Do not contaminate lakes,ponds and water bodies.

Symptoms Of Poisoning

The symptoms of poisoning may be severe vomiting, hypotension, pulmonary dysfunction, oral mucosal and gastrointestinal irritation, transient liver and renal dysfunction and irritation to skin and eyes may occur.

First Aid

If ingestion: If person is conscious and alert, rinse mouth with water and give 1 to 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induce vomiting until and unless desired by attending physician.

If inhaled: Take the patient to fresh air and take care of body temperature. If patient is not breathing or breathing with difficulty, give artificial respiration, preferably with mouth-to-mouth breathing. Consult a physician.

In case of Skin Contact: Wash with soap and plenty of water. If pain, redness or irritation persists, consult a doctor. All the contaminated clothes should be segregated and thoroughly washed with soap and water separately before use.

In Case of eye contact: Rinse gently with plenty of water at least 15 Minutes. If pain, irritation, redness and photophobia persist then consult eye specialist.

Antidote

No specific antidote. Treat Symptomatically.

Phytotoxicity

No

Caution: Not to Be Used on Crops Other Than Specified on This Label/Leaflet "

Safety Precaution:

keep away from foodstuffs, empty foodstuff containers and animals feed. avoid contact with mouth, eyes and skin and avoid inhalation of the insecticide. wash thoroughly the contaminated clothes and part of the body after handling. do not smoke, drink, eat and chew anything while handling. wear full protective clothing while handling. do not discharge into lakes, streams, ponds and water bodies.

Storage Conditions

1. Store in a cool and dry place.
2. Store the herbicide in its original pack away from the reach of children, irresponsible persons and animals in a separate room under lock and key.
3. Room used for storage must be well built and ventilated and of sufficient dimensions to avoid contamination with vapour.
4. Animal feed should not be stored in room where the chemical is stored.
5. Do not use fire/ open flame in place of storage.

Cautionary Statement:

- 1. not to be used for any purpose other than those subscribed on label and leaflets.**
- 2. destroy containers after use as directed on leaflets.**
- 3.Toxic for fish. Do not contaminate lakes,ponds and water bodies.**

Disposal of used containers, washing from equipment and surplus material :

1. It shall be the duty of manufactures, formulators of insecticides and operators to dispose packages or surplus material and washings in a safe manner so as to prevent environmental or water pollution.
2. The used packages shall not be left outside to prevent their re-use.
3. The packages shall be broken and buried away from habitation.
