Prallethrin 0.04% Coil
(Household Insecticide)

Recommended for use to control / repel mosquitoes in houses.

Chemical Composition:	Ingredient	%W/W
Active Ingredient: Prallethrin (100%)	.	0.04% %w/w
Binders: Guar Gum	.	4.00% %w/w
Coconut shell powder	.	40.00% %w/w
Colour: Green dye	.	0.25% %w/w
Fillers: Saw dust	.	39.31% %w/w
Jigget	.	2.00% %w/w
Preservative: Sodium Benzoate	.	0.30% %w/w
Smoldering Agent: Potassium nitrate	.	0.10% %w/w
Starch	.	14.00% %w/w
Total	.	100% %w/w
Total:		100.00% w/w

Recommendation

Refer Direction for use

Note:-

Good Practices relating to pesticide application techniques

Direction of Use

1. Separate the two coils carefully by gently pushing the two central ends of the coil in opposite direction with thumb and forefinger using both the hands
2. Position the metal stand with the metal tip standing vertical. Fix the mid-point of the coil on the tip of stand so that the coil rests horizontally on the stand. Light the outer end of the coil.
3. For best results close the doors and windows for initial 30 minutes.
4. If the coil is broken it can be reattached to the metal stand.
5. Coil burning time is 7±1 hours (under draft free condition).

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests :

-

Symptoms Of Poisoning

Nervousness, anxiety, tremor, convulsions and allergic manifestation.

First Aid

If ingested: if person is conscious and alert, rinse mouth with water and give 1 or 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induced vomiting until and unless desired by attending physician.

If inhaled: Take the patient to fresh air and take care of body temperature. If patient is not breathing or breathing with difficulty, give artificial respiration,Consult a physician.

In case of skin contact: Wash thoroughly the affected part of body with soap and plenty of water including hairs and under fingernails. If pain, redness or irritation persists, consult a doctor. All contaminated clothes should be segregated and thoroughly washed with soap and water separately before use.

In case of eye contact: Rinse gently with plenty of water at least for 15 minutes. If pain, irritation, redness or photophobia persists. Consult eye specialist

Antidote

No specific antidote, symptomatic and supportive therapy

Phytotoxicity

NA

Storage Conditions

1. The package containing the insecticide should be stored in separate room or premises away from the rooms or premises used for storing other particularly articles of food shall be kept in separate almirahs under lock and key depending on the quantity and nature of insecticide.
2. The rooms or premises means for storing the insecticide shall be well built, dry, well-lit and ventilated and of sufficient dimensions.

Safety Precaution:

While in use keep away from the reach of children.

Store the package away from the fire, food, children and household pets in cool and dry place.

Cautionary Statement:

Caution: Not to Be Used on Crops Other Than Specified on This Label/Leaflet "

keep in cool, dry place away from heat and open flame. not to be used for any purpose other than those prescribed in label and leaflet. destroy the container after use as directed on leaflet. Toxic to fish, aquatic organisms hence should not be used near water bodies, aquaculture or pisciculture.

Disposal of used containers, washing from equipment and surplus material :

1. It shall be the duty of manufactures, formulators of insecticides and operators to dispose packages or surplus material and washings in a safe manner so as to prevent environmental or water pollution.
2. The used packages shall not be left outside to prevent their re-use.
3. The packages shall be broken and buried away from habitation.
