Stages during which pesticides should not be applied on any crop :

Not applicable

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests :

Toxic for fish. Do not contaminate lakes,ponds and water bodies.

Symptoms Of Poisoning

The early symptoms may be a combination of headache, giddiness, vertigo, nausea, vomiting blurred vision, sweating, excessive lacrimation and salivation.

First Aid

If inhaled: Mover person in fresh air. If not breathing give artificial respiration which includes mouth to mouth breathing and consult a physician.
Skin Contact: Wash-off with soap & plenty of water, if itching, redness, pain persists contact Doctor/physician.
Eye Contact: Flush eye with water for at least 15 minutes. If redness, itching or pain or any other symptoms, consult an eye-specialist/physician.
If Swallowed: Do not induce vomiting until and unless desired by attending qualified doctor and do not give anything by mouth, if person is unconscious. If person is alert, rinse mouth with water and give 1-2 glass of water to drink & if needed consult a physician.

Antidote

There is no specific antidote. Give symptomatic and supportive therapy.

Phytotoxity

Not applicable

Safety Precaution:

keep away from foodstuffs, empty foodstuff containers and animals feed. avoid contact with mouth, eyes and skin and avoid inhalation of the insecticide. wash thoroughly the contaminated clothes and part of the body after handling. do not smoke, drink, eat and chew anything while handling. wear full protective clothing while handling. do not discharge into lakes, streams, ponds and water bodies.

Storage Conditions

The package containing the technical grade material should be stored in original containers away from food and animal feed in a separate room and kept under lock and key. Store in a cool dry well built and well lit place of sufficient dimension with good ventilation.

Cautionary Statement:

not to be used on crops and pests other than mentioned on label & leaflets.

Disposal of used containers, washing from equipment and surplus material :

1. It shall be the duty of manufactures, formulators of insecticides and operators to dispose packages or
      surplus material and washings in a safe manner so as to prevent environmental or water pollution.
   2. The used packages shall not be left outside to prevent their reuse.
3. The packages shall be broken and buried away from habitation.
