Safety Precautions:

- 1) Avoid inhalation and contact with skin and eyes.
- 2) Keep away from children, food stuff, animal feed, heat and flame, Store in cool and dry place under lock and key.
- 3) Do not mix the insecticides with bare hands.
- 4) Do not eat, drink, smoke or chew tobacco while spray.
- 5) Spray the insecticide only in the direction of wind blowing and not against it so as to prevent the setting of the drift on body.
- 6) The user should use full protective clothing with rubber gloves, boots. Face should be covered with face shield or dust mask and body should be covered with an overall or rubber apron and hood or hat.
- 7) Do not use as an ultra-low volume spray.

Symptom of Poisoning:

may cause slight eye irritation by tearing or conjunctival redness in eyes. prolonged exposure may cause slight skin irritation. inhalation of dust may be hazardous. swallowing may prove even fatal.

First Aid:

If ingested: if person is conscious and alert, rinse mouth with water and give 1 or 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induced vomiting until and unless desired by attending physician.
If inhaled: Take the patient to fresh air and take care of body temperature. If patient is not breathing or breathing with difficulty, give artificial respiration, Consult a physician.
In case of skin contact: Wash thoroughly the affected part of body with soap and plenty of water including hairs and under fingernails. If pain, redness or irritation persists, consult a doctor. All contaminated clothes should be segregated and thoroughly washed with soap and water separately before use.
In case of eye contact: Rinse gently with plenty of water at least for 15 minutes. If pain, irritation, redness or photophobia persists. Consult eye specialist

Antidote

No specific antidote, symptomatic and supportive therapy

Cautionary statements:

1. not to be used for any purpose other than those subscribed on label and leaflets.
2. destroy containers after use as directed on leaflets.
3. toxic to fish, aquatic organisms hence should not be used near water bodies, aquaculture or pisciculture.
4. Toxic through inhalation route.

Tricyclazole Tech. 98% W/W min.

(Systemic Fungicide)

It is used for making its approved fungicide formulations.

Chemical Composition:	Ingredient	%W/W
2,2-Hydrazobis [4-methyl-benzothiazole and 2,2-Azobis (4-methyl benzothiazole)]	impurities	1.00 % w/w Max.
Moisture	impurities	1.00 % w/w Max.
Tricyclazole	a.i.	98.00 % w/w Min.
Total:		100.000% w/w

Good Practices relating to pesticide application techniques

Direction of Use

Not applicable because it is a technical product.

Weather Condition(in general):

Not applicable because it is a technical product.

Soil & Water(where ever applicable):

Not applicable because it is a technical product.

Crop Stage for application:

Not applicable because it is a technical product.

Application Technique

Not applicable because it is a technical product.

Equipment Type:

Not applicable because it is a technical product.

NozzleType:

Not applicable because it is a technical product.

Dosage:

Instruction for Mixing:

Not applicable because it is a technical product.

Re-entry Period

Not applicable because it is a technical product.

Pre-Harvesting Interval

Not applicable because it is a technical product.

Manner and Time of Application

Not applicable because it is a technical product.

Application Timing

Caution: Not to Be Used on Crops Other Than Specified on This Label/Leaflet

Not applicable because it is a technical product.

Frequency

Not applicable because it is a technical product.

Stages during which pesticides should not be applied on any crop :

Not applicable because it is a technical product.

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests :

Symptoms Of Poisoning

May cause slight eye irritation by tearing or conjunctival redness in eyes. Prolonged exposure may cause slight skin irritation. Inhalation of dust may be hazardous. Swallowing may prove even fatal.

First Aid

If ingestion: If person is conscious and alert, rinse mouth with water and give 1 to 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induce vomiting until and unless desired by attending physician.

If inhaled: Take the patient to fresh air and take care of body temperature. If patient is not breathing or breathing with difficulty, give artificial respiration, preferably with mouth-to-mouth breathing. Consult a physician.

In case of Skin Contact: Wash with soap and plenty of water. If pain, redness or irritation persists, consult a doctor. All the contaminated clothes should be segregated and thoroughly washed with soap and water separately before use.

In Case of eye contact: Rinse gently with plenty of water at least 15 Minutes. If pain, irritation, redness and photophobia persist then consult eye specialist.

Antidote

No specific antidote. Treat symptomatically.

Phytotoxicity

Not applicable because it is a technical product.

Safety Precaution:

1) Avoid inhalation and contact with skin and eyes. 2) Keep away from children, food stuff, animal feed, heat and flame, Store in cool and dry place under lock and key. 3) Do not mix the insecticides with bare hands. 4) Do not eat, drink, smoke or chew tobacco while spray. 5) Spray the insecticide only in the direction of wind blowing and not against it so as to prevent the setting of the drift on body. 6) The user should use full protective clothing with rubber gloves, boots. Face should be covered with face shield or dust mask and body should be covered with an overall or rubber apron and hood or hat. 7) Do not use as an ultra-low volume spray.

Storage Conditions

1. Store in a cool and dry place.
2. Store the fungicide in its original pack away from the reach of children, irresponsible persons and animals in a separate room under lock and key.
3. Room used for storage must be well built and ventilated and of sufficient dimensions to avoid contamination with vapour.
4. Animal feed should not be stored in room where the chemical is stored.
5. Do not use fire/ open flame in place of storage.

Cautionary Statement:

1. not to be used for any purpose other than those subscribed on label and leaflets.

2. destroy containers after use as directed on leaflets.

3. toxic to fish, aquatic organisms hence should not be used near water bodies, aquaculture or pisciculture.

4. Toxic through inhalation route.

Disposal of used containers, washing from equipment and surplus material :

1. It shall be the duty of manufactures, formulators of insecticides and operators to dispose packages or surplus material and washings in a safe manner so as to prevent environmental or water pollution.
2. The used packages shall not be left outside to prevent their re-use.
3. The packages shall be broken and buried away from habitation.
