F. No. 20-4/2012-CIR.II (Pt.)
Government of India
Ministry of Agriculture
(Department of Agriculture & Cooperation)
Directorate of Plant Protection, Quarantine & Storage
CENTRAL INSECTICIDE BOARD AND REGISTRATION COMMITTEE
N.H.-IV, FARIDABAD-12 001

Dated: November 14, 2012

PUBLIC NOTICE

All concerned are aware that the persons desiring to import or manufacture insecticides, broadly known as pesticides, have to mandatorily obtain a registration under Section 9 of the Insecticides Act, 1968. Fixation of Maximum Residue Limits (MRLs) on the crops on which their use is proposed is a pre-requisite to grant of such registration. It is learnt that the insecticide SIRMATE is registered for use in India under the Act. However, its current status of manufacture and/or import in the country is not known, nor is its MRL fixed. Therefore, information about its registration and current status of manufacture is called from all concerned within a period of 30 days from the issue of this Notice.
