2.0	<u>Presentation</u>

2.1	<p>Presentation by M/s Shobikaa Impex Pvt. Ltd., for grant of registration of LLIN u/s 9(3) FIM vs FIT.</p>
	<p>In terms of the RC decision taken in its 457th meeting at Agenda item No. 2.2, the applicant appeared before the RC to make a presentation on the issues involved in the matter. Mr. Ashutosh Srivastava the authorized person along with Mr. Ankit Virmani, Advocate were present. The Learned Counsel of the applicant M/s Shobikaa also submitted a written representation before the RC mentioning their contentions.</p> <p>The Learned Counsel has inter-alia submitted as under:</p> <ol style="list-style-type: none"> a) That the applicant is reputed export-oriented company and is in the business of manufacturing of LLINs. The applicant has applied for the subject substance, Deltamethrin impregnated Bed Net 55mg/m² (0.0018% w/w) as per the existing guidelines under FIM Vs FI category under Section 9(3) of the Act and had complied with and satisfied all criteria as laid down in the aforesaid guidelines. b) It is the submission of the applicant that the RC approved the grant of registration in its 444th meeting vide agenda item No. 6.13 & accordingly the Certificate of Registration was issued to the applicant. c) It is the further submission that the RC in its 452nd meeting vide Agenda item No.11.1 decided to keep the above issued CRs on hold on the basis of communication dated 25.11.2023 of ICMR and the representation/complaint from HIL India Ltd. d) It is also the submission of the applicant that being aggrieved by the 452nd RC Meeting decision, it was challenged by the applicant by the virtue of W.P. (MD) No. 744 of 2024, before the Hon'ble Madurai Bench of High Court of Madras whereupon the Hon'ble High Court was pleased to pass an order dated 01.02.2024 wherein keeping the interim order to continue the Hon'ble High Court had directed the RC to provide an opportunity of hearing to the applicant before taking a final decision in the matter along with liberty to the applicant to raise all legal grounds available to be raised before the RC. e) It is also submitted by the applicant that in terms of the above order and the RC decision taken in its 453rd meeting the applicants were provided an incomplete version of the minutes of meeting dated 27.10.2023 held at ICMR headquarters, New Delhi and the copy of the representation dated 03.02.2023 of HIL addressed to Secretary (DA&FW).The Learned Counsel also submits that the copy of the communication dated 25.11.2023 as referred in the 452nd decision of the RC was not provided. f) The Learned Counsel also states that although the RC has repeatedly called the applicant for making a presentation giving them an opportunity but since the complete relied upon material was not provided which formed the basis of 452nd RC decision keeping the captioned CR on hold, and therefore the applicant issued various communications inter-alia requesting the CIB&RC to provide the complete documents. The Counsel further goes to submits that they have also requested the RC to conduct a preliminary hearing on the issues of the jurisdiction of the RC to conduct the proceedings. g) The Counsel further states that the applicant had again filed a Writ Petition (MD) No. 13298 of 2024 before the Hon'ble Madurai Bench of High Court of Madras seeking directions to the RC to provide the applicant the complete documents and the final order in the said matter is awaited. h) The Counsel emphasized on the principles of natural justice and insisted that the entire relied upon material ought to be made available to the applicant so as to enable him to effectively respond to the allegations put forth by M/s HIL and the technical issues raised by ICMR with respect to the wrongful grant of registration for the subject substance. <p>RC heard the above submissions and also perused the written representation submitted at the time of presentation made by the Learned Counsel, wherein the applicant, vide</p>

	<p>Para No. 53(a)(i&ii) emphasized solely on providing the captioned documents. RC observed that the Sectt. of CIB&RC had already provided the material relevant to the subject matter to the applicant in terms of the 453rd RC decision and the order dated 01.02.2024 passed by the Hon'ble High Court in WP No. 744 of 2024. The RC also observed that the applicant for the reasons best known to him did not chose to personally appear before the RC despite of providing several opportunities which prima- facie shows that the applicant appears to drag the matter on one pretext or the other.</p> <p>RC after the perusal of the final order passed by Hon'ble High Court in W.P. 13298/2024 observes that the said Writ Petition filed by the applicant was dismissed vide order dated 09.07.2024 uploaded on 06.08.2024 wherein the Hon'ble High Court, inter-alia, keeping all contentions open has observed that there are no grounds to interfere. RC further observes that since the order dated 01.02.2024 passed in WP No. 744 of 2024 is required to be complied in its true letter and spirit and further the Learned Counsel is strongly insisting and emphasizing on the supply of the complete relied upon documents for enabling them in making submissions on the merits of the matter. Although, RC is of the view that the material relevant to the case has already been provided but considering the fact that the RC has to take a final decision and therefore RC is of the considered view that to meet the ends of justice and in terms of more procedural fairness and transparency, the applicant may be allowed to inspect the referred documents viz, copy of the communication dated 25.11.2023 conveying the minutes of the meeting dated 27.10.2023 held at ICMR. Needless to state that the applicant shall be at liberty to take a note of the extracts of the documents during the course of inspection, which shall be limited to the extent to the subject matter of the present case.</p> <p>RC accordingly directs the Sectt. of CIB&RC to permit the applicant M/s Shobikaa, as soon as he makes a request in this regard, to carry out the inspection of the above-mentioned documents/material in the presence of the subject technical expert(s) and further allow the applicant to take the note of the contents germane the subject matter. Thereafter, the applicant is directed to make a written submission/representation, if any, justifying its stand on the issues involved in the matter before the next meeting of the RC, so as to enable the RC to take a final decision in the matter on its individual merits.</p>
2.2	Presentation by M/s Modern Insecticides Ltd.
	<p>With reference to agenda item no. 2.3 of 457th RC meeting M/s Modern Insecticides Ltd. appeared before the RC to make a presentation on the issues involved in the matter. M/s Modern Insecticides Limited was represented by Mr. Nazim Chauhan the Authorized Representative along with their Learned Counsel Mr. Vinayak Malhotra.</p> <p>The applicant also submitted a written submission before the RC. The Learned Counsel has inter-alia submitted that the applicant company has a good reputation and has a unblemished track record and is in the possession of holder of over 450 CRs. The applicant primarily exports/ re-exports insecticides outside India which contributes to the inflow of foreign exchange in the country. It is also submitted by the applicant that during the course of its business activities certain proceedings were initiated by the CIIs wherein vide proceedings pertaining to the import of Diamethoate Technical the employee of the company has been directed to pay fine of Rs. 20000/- by the Learned Chief Judicial Magistrate Ludhiana vide its order dated 02.11.2023 and the proceedings w.r.t. the import of the Paraquate Dichloride</p>

	<p>Technical and Carbendazim are sub-judice before the Court of Law and same is being contested and the applicant is hopeful for a positive outcome.</p> <p>It is also the submission of the Learned Counsel that in any case the application pertaining to a specific product applied under the relevant guidelines must be dealt and decided on its individual merits and mere a fact reported by TLC, that certain prosecution proceeding are pending or decided against the company w.r.t. any other insecticides cannot be a factor to be considered while granting or refusing the permissions under the Act, and the antecedents of the applicant would have no role to play in this process. It is also emphasized that there is no dispute regarding the competence of the applicant so far as it relates to the capability of manufacturing the products and / or absence of adherence to the requirements of regulatory approvals from the concerned State Governments. It is also submitted that the right to carry trade is a fundamental right provided by the Constitution of India and mere pendency or initiation of prosecutions may not be a sole ground for holding / refusing the regulatory permissions if otherwise the applications qualify to be granted on merits of the case. The Learned Counsel thus has requested the RC to review its earlier decisions in not issuing any CRs to the applicant and the CRs so kept on hold for a long time may be issued. The Learned Counsel also additionally submits that the applicant, in future shall be more careful and will refrain themselves from any such activities.</p> <p>On being asked by the RC about the details of the manufacturing activities carried out by the applicant the Learned Counsel states that the same shall be provided at the earliest by the applicant duly certified by the State Licensing Authorities.</p> <p>In view of the above discussions and further the observations in terms of the RC decision taken in its 440th and 447th meeting the CRs of the applicant are kept on hold since more than one year and further the applicant has submitted that they shall be more careful and will not commit any violation in future and further the applicant has also stated that the above three cases are filed against them. In the circumstances RC sternly warns the applicant not to indulge in such activities in future else RC shall be constrained to take a more serious view in the matter. RC accordingly directs the applicant to submit an affidavit to this effect to the Secretariat of CIB&RC duly sworn in accordance with law with a copy of the same duly endorsed to the State Licensing Authority. RC also decided that an inspection team to be deputed to verify the requirements under KYC compliance and thereafter after the receipt of report of the inspection the Secretariat of CIB&RC shall release / issue the captioned CRs so kept on hold or otherwise. RC also makes it clear that this decision shall not come in the way of the TLC to take further steps as may be required in accordance with law in view of the RC decision taken in its 453rd meeting at agenda item no. 10.18.</p>
<p>2.3</p>	<p>Presentation of M/s IPL Biological to modify product specification of Bio Pesticides with respect to minimum CFU count per gram or per ml of the formulated product.</p>
	<p>M/s IPL Biological made a presentation before the RC on the issues involved in the matter and apprised RC that they have been in the process of commercialization of Biological-based products like Biopesticides, Bionematicides & Bio- fungicides for almost three decades. The products have been registered & commercialized as per the existing CIB compliance & regulations. The present claim for shelf life for all Microbial Pest Control Agents (MPCA) are only 1 year or 12 months. But the products & formulations that are registered internationally and the shelf-life claims are in the range of 12-36 months, which is 2-3 times more than what CIB permits the Indian industry to claim. The firm has technical expertise and knowledge to manufacture the products whose shelf-life ranges from 24-36 months than the</p>

	<p>minimum claim as approved by CIB & RC but are unable to claim the same on label. Shelf life of 12 months is considered as below the acceptance level as per international standards.</p> <p>RC deliberated the issue and observed that the biopesticide industry invariably submits a data of maximum 18 months to claim a shelf life of 1 year. M/s IPL Biological with all their technology and expertise may conduct shelf-life studies at the defined institutes as per existing guidelines to establish the claim and may present the report to Registration Committee for consideration.</p>

10.65	Expansion of label claims for pesticides in spices and vegetables.
	<p>Under the DA&FW sponsored Monitoring of Pesticide Residues at National Level (MPRNL) project, residues of off label pesticides are detected on various crops. A list of frequently detected off label pesticides on spices and vegetable crops has been shared by the Scheme In-charge, MPRNL with the Secretary, CIB&RC for exploring the possibility of their label claim expansion. The list includes 12 pesticides frequently detected on different spices. India is regularly submitting pesticide residue monitoring data on spices to FAO/WHO/Codex Committee of Pesticide Residues for fixation of Codex MRLs for consumer safety and overcoming trade barriers. This year, India has submitted list of different pesticides on spices, out of which four pesticide-spices combinations do not have label claim approval. It was decided that this matter would be taken up for discussion with the industry stakeholders for prioritization of label claim expansion on these spices on an urgent basis. Regarding the frequently detected off label pesticides on vegetables, Scheme In-charge, MPRNL informed that residue data for 72 pesticide-vegetables combinations has already been generated under the ICAR- All India Network Project on Pesticide Residues. The industry stakeholders may be asked to generate bio-efficacy data and regularize the off-label use of these pesticides by label claim expansion.</p> <p>RC decided and directed Sectt. of CIB&RC to rationalize the guidelines of bio-efficacy for grant of registration of pesticides and label expansion for climate specific crops and spices and place it before RC in its forthcoming meeting.</p>
10.66	Constitution of a Committee to encourage the agro-chemicals sector for the larger benefit of farmers of the country.
	RC noted the communication received from DA&FW and decided that the issue may be taken up in next Open House Meeting with Stakeholders.
11.0	Any Other item
11.1	List of pests shared by the IPM Division, DPPQ&S
	RC perused the list of pests shared by the IPM Division of DPPQ&S and decided to share it with ICAR to collect and collate the actual pest prevalence in the country and species of crops being affected by these pests as mentioned in the list.
11.2	Request of PI Industry regarding ATR of Flometoquin 10% SC received from CIL
	RC deliberated the report and accepted to the request of PI Industry for a joint analysis. The date and time to be finalized in consultation with the applicant and CIL.
11.3	Grant of registration certificate to M/s LG Life Science India Pvt. Ltd., for import of Pyribenzoxim 5% w/w EC under section 9(3) as a follow up of action w.r.t. Agenda Item No. 10.32 of 449th RC

	RC deliberated the matter and observed that the Secretariat had received the application under reference since March 2021 and practically is beyond the ambit of action w.r.t. Agenda Item No. 10.32 of 449th RC decision and that MRLs have also been fixed for the product. RC directed the Sectt. of CIB&RC to release the CR.

***To be included in the Codex crop grouping**

They are used mainly in a fermented and dried form or only as dried leaves for the preparation of infusions, which are used as beverages. Newly grown vegetative shoots (terminal bud and 2-3 leaves) of tea are plucked, withered, twisted and communicated

and thereafter, in general, fermented and dried. Teas made from other plants are often prepared in a similar way.

Proposed Data generation Scheme for implementation of crop grouping for fixation of Sub group MRL

S. No.	Crop	Number of Locations(L) and Seasons (S)			MRL fixation/ value (Subgroup)
		Bio- efficacy	Residue		
			Insecticides Fungicides, Seed Treatment, Plant Growth Regulators	Herbicides	
1	Representative Crop(s)	3L 2S	4L 1S	3L 2S	Based on highest residue/worst case from Rep. crops subgroup MRL to be set
2	Member commodity in same Sub Group (Dose is comparable with representative crop i.e. does not exceed the recommended dose by more than 25%)*	2L 1S	<i>Nil</i>	<i>Nil*</i>	Sub Group MRL shall apply to member crops

**Note: In case of soil applied pesticides (i.e insecticides and herbicides) if there are residues detected in soil at the time of final harvest of representative crops, then one location one season residue data is required for member crops.*

- ❑ The bio-efficacy and residue data must be generated for the representative crop for recommendation of label claim and fixation of PHI by CIB&RC. The same recommendation will be forwarded to FSSAI for the fixation of Sub-Group MRL. However, the FSSAI shall issue notification for MRL fixation on that particular representative crop(s) only. A suitable communication mechanism between CIB&RC & FSSAI would be necessary to refer the Sub group MRLs so established. MRLs fixed based on particular commodity crop group approach has to be indicated as part of RC Minutes.

It is important for reference of subsequent registrant who may seek label claim on member crop commodities.

- ❑ For other member commodities of the same sub group, bio-efficacy data must be generated for those particular commodities on which the label claim is desired.
- ❑ In other words, subgroup MRL does not ensure label claim on all member commodities unless requisite bio-efficacy data is generated on individual member crops. After obtaining the recommendation of Registration Committee, the FSSAI will issue notification for the Sub group MRL fixation on the member crop(s).
- ❑ **Crop grouping is a dynamic process and both classification and data requirements will be reviewed as and when required.**

Dietary Risk Assessment:

It is very important to conduct dietary risk assessment before fixing the MRLs to ensure that the proposed GAP / use is safe to the consumers. The residue data at PHI on food commodity, food consumption, average body weight of human being are the key requirements for conducting chronic dietary risk assessment of pesticides. When the proposal is received for the first time for label claim on representative crop of sub-group/group, the MRL is to be established for the sub-group / group after conducting dietary risk assessment using residue data on representative crop and food consumption of crop sub-group / group. If the dietary risk assessment passes, then MRL for the crop sub-group/ group to be notified.

In future, when a new proposal comes for label claim on member crop using Crop Grouping principles, where label claim on representative crop is already approved and MRL is already established for crop sub-group / group, the CIB&RC will scrutinize the data and on satisfaction will approve the label claim on proposed member crop. There is no need to conduct dietary risk assessment again for label claim on member crop as the food consumption was already considered for whole sub-group/group while establishing MRL for crop sub-group or group.

In future, there may be situations arises where the dietary risk cup becomes full with label claim on limited crops as the food consumption was considered for whole crop sub-group or group. Under such situation a refinement in dietary risk assessment to be done by considering the dietary consumption of individual approved crop instead of whole sub-group/group. Accordingly, the MRLs to be re-notified for individual approved crop instead of crop sub-group / group.

Example 1:

- *The applicant submitted application to CIB&RC for label claim of acaricide, Propargite 57% EC, on Apple for the control of mites with data as per general guidelines i.e. 3 Location 2 Season bio-efficacy data, 4 Location 1 Season residue data, 1 Location 1 Season persistence in plant data and MRL proforma. The proposed GAP is as follows:*

Apple	Mites	EC	57%	Foot Sprayer	Fruit development	2	5.7 g/tree	10 ml/tree	10 lit/tree	9

- After scrutiny of application file, Registration Committee approved the label claim of Propargite 57% EC on Apple subject to fixation of MRL by FSSAI.
- CIB&RC send MRL proforma to FSSAI for MRL fixation.
- The residue definition for compliance with MRL and for estimation of dietary intake in plant commodities is "Propargite".
- Multi-locations residue endpoints of Propargite @9 day PHI on apple fruits are 0.64, 0.65, 0.73, 0.79 mg/kg.

- Since NEDI < ADI, Dietary Risk Assessment passes
- Apple is a representative crop for Pome Fruits (2).
- FSSAI establishes MRL of Propargite on "Pome Fruits" as 3 mg/kg
- CIB&RC grants label claim of Propargite 57% EC on Apple
- Now, applicant submitted the application to CIB&RC for label expansion of Propargite 57% EC on Pear for the control of mites with data as per guidelines of Crop Grouping principles i.e. 2 Location 1 Season bio-

efficacy data along with GAP. The proposed GAP is as follows:

Pear	Mites	EC	57%	Foot Sprayer	Fruit development	2	5.7 g/tree	10 ml/tree	10 lit/tree	9

- GAP of Pear is comparable (considering FAO's + 25% rule) to Apple.
- Crop Grouping Principles are acceptable.
- MRL of Pome fruits i.e. 3 mg/kg can be extrapolated to Pear.
- After scrutiny of the submitted data, Registration Committee approved the label claim of Propargite 57% EC on Pear.

Example 2:

- Now, applicant submitted the application to CIB&RC for label expansion of Malathion 50% EC on Red gram for the control of pod borers with data as per guidelines of Crop Grouping principles i.e. 2 Location 1 Season bio-efficacy data along with GAP. The proposed GAP is as follows:

Crop	Pest	Formulation		Applications			Application Rate / Ha			PHI (days)
		Type	Conc.	Method	Growth Stage	Number	a.i. (g)	Formulation (ml)	Water (lit)	
Red gram	Pod Borer	EC	50%	Back pack Sprayer	pod development	2	800	1600	500	15

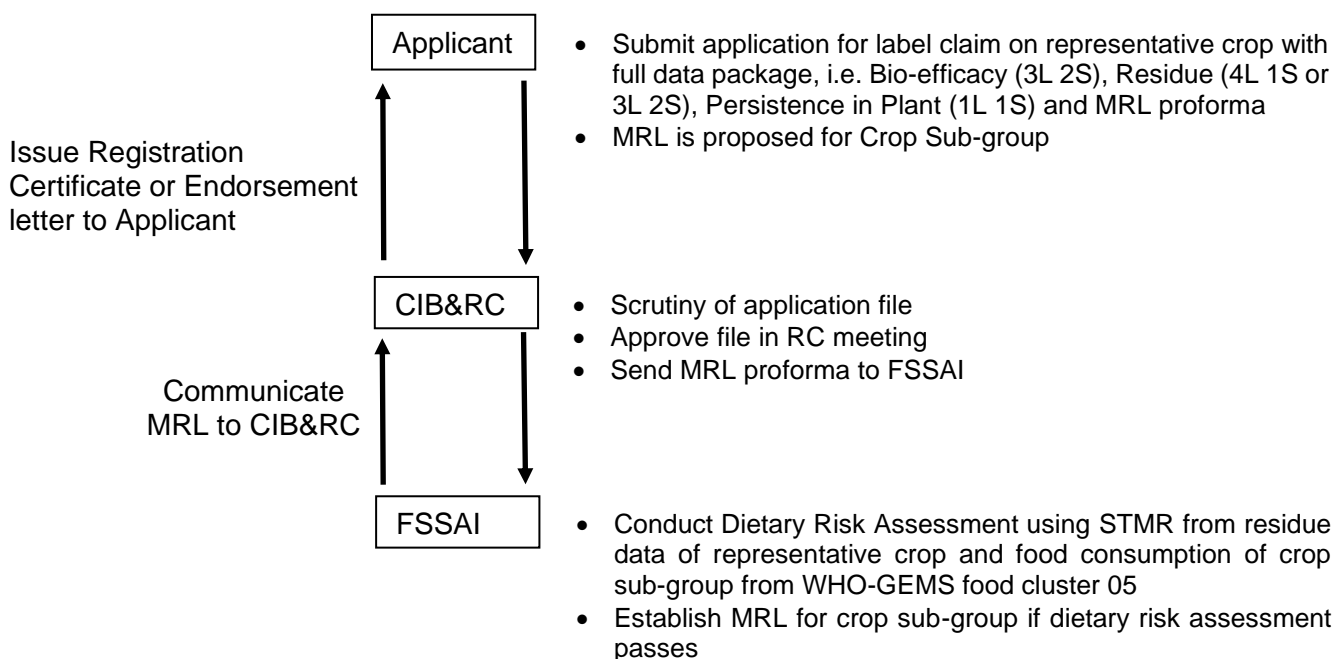

- The change in a.i. (g) dose of Malathion is within 25% range of approved dose, thus GAP of Red gram is

comparable (considering FAO's + 25% rule) to Chickpea.

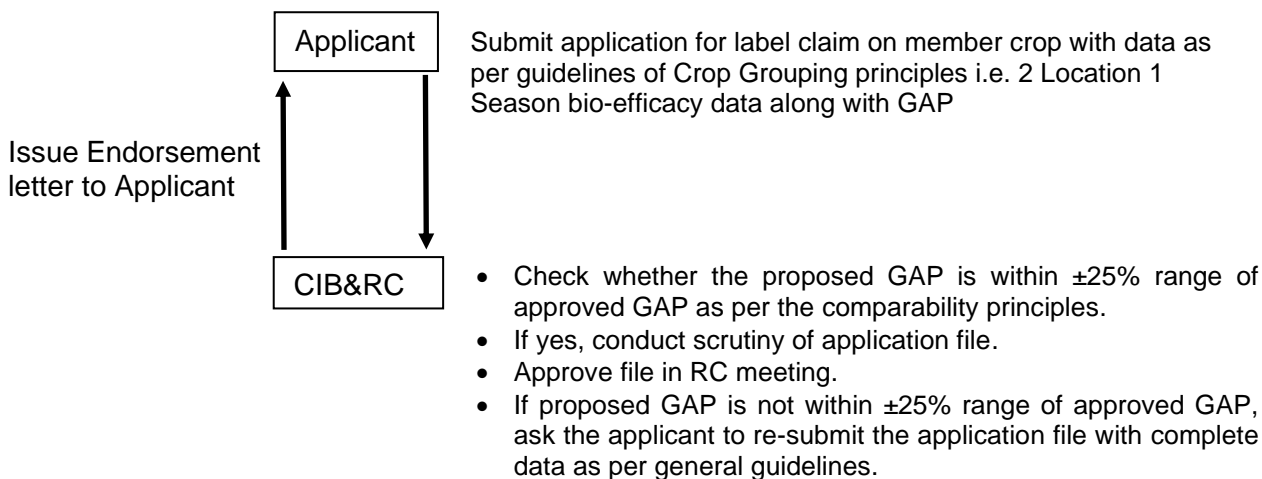

- Crop Grouping Principles are acceptable.
- MRL of Dry peas i.e. 0.2 mg/kg can be extrapolated to Red gram.
- After scrutiny of the submitted data, Registration Committee approved the label claim of Malathion 50% EC on Red Gram.

Flow Chart:

Step-1: Label Claim on Representative Crop and MRL fixation on Crop-sub group

Step-2: Label Claim on Member Crop Using Crop Grouping Principles

The Hon’ble Appellate Authority vide its order dated 21.03.2022 passed in appeal no. 01 of 2022 wherein the decision of the RC taken in its 435th meeting held on 23.12.2021 was challenged wherein the RC has granted registration to the applicant for the subject substance u/s 9(3) of the Act, at a concentration of 0.55% w/w instead of the claimed concentration of 0.58% w/w.</i></p> <p><i>2. The Appellate Authority in a quasi-judicial proceedings after a detailed hearing had inter-alia made certain observations on scientific parameters duly recorded in Para 8 of the order and accordingly the Appellate Authority was pleased to allow the said appeal and the impugned decision of the RC granting registration on concentration of 0.55% w/w was set aside and the RC was specifically directed to consider the grant of registration of the insecticide in question for indigenous manufacture to</i></p>	22.12.2022

the applicant at a concentration as claimed in Form-I and as per the technical information available on record within a period of one month from the date of the order.

3. It is further submitted that the entire data on various parameters was Minutes of 443rd RC meeting held on 22.12.2022 generated at a concentration of 0.58% w/w and accordingly the same was submitted to the RC for evaluation however, on the contrary the RC has taken the impugned decision granting registration on 0.55% which is wholly contrary to the claims made by the applicant.

4. The Appellate Authority had adequately adjudicated the entire issues pertaining to the data submitted by the applicant and only thereafter the Appellate Authority was pleased to set aside the impugned decision.

5. The applicant has also submitted that a writ petition no. (PIL) 2102 of 2022 and others were filed by Dr. M. Solomon Bernanad Shaw vs. RC and Others before the Hon'ble Madurai Bench of the Madras High Court which has been dismissed by the Hon'ble High Court also imposing a cost of Rs. Fifty thousand on the petitioner and had observed the petition (PIL) to be a motivated one.

6. The applicant further submitted that they have complied with the data requirements as per the existing guidelines and therefore, their case is complete from all parameters and hence, the registration may be granted on 0.58% w/w, the claimed concentration as per the directions of the Hon'ble Appellate Authority.

7. It was also clarified by the representative that they have generated the data as per the prevailing guidelines of CIB&RC and protocols of ICMR.

8. It was also submitted that the representative of M/s. Shobika that in terms of the decision of the RC taken in its 440th meeting (vide agenda item no. 10.3) the applicant had submitted the required remaining

	<p><i>toxicological data and therefore they have complied with the requirements of the extant guidelines and therefore their case qualify for the grant of registration at a concentration of 0.58% w/w and therefore the applicant prays that the RC may be pleased to grant certificate of registration.</i></p> <p><i>In view of the above oral submissions by the representatives of M/s Shobika, the RC decided to seek factual report, duly certified by all the technical experts, from the Secretariat of CIB&RC based on updated records for adherence to the SOP, Protocol and guidelines, which are to be placed before the RC in next meeting.</i></p> <p>Subsequently, as per the directions of the Registration Committee meeting, the applicant has submitted the toxicological data report duly attested by the concerned laboratory to the Secretariat of CIB&RC and the same has been checked and verified by the toxicology expert.</p>	
14.	<p>In 443rd RC meeting itself, RC discussed the agenda on Irregularities in issuance of CIB&RC registration to M/s Shobikaa Impex Pvt. 21	The Director, National Centre for Disease Control (NCDC) has sent the mail dated 14.02.2024 to the Secretariat of CIB&RC and informing that the NCDC had conducted the aforesaid trial upon recommendation of NCVBDC expert committee recommendations. NCDC has handed over the report to NCVBDC.	14.02.2024
22.	In 454th RC meeting , RC deliberated the agenda in detail and reviewed the complete chronology of the application (Annexure 1) for the registration of Alpha Cypermethrin LLIN 0.58% submitted by M/s. Shobikaa Impex Pvt. Ltd., and RC directs the Secretariat of CIB&RC to collect the trial report from NCVBDC and submit the report for further necessary action in this regard.	29.02.2024
23.	In continuation, CIB&RC requested NCVBDC and other institutions to submit the report for further necessary action. Subsequently, the Additional Director, NCVBDC submitted the Phase III trial report along with a letter to the Secretary CIB&RC on 27.05.2024 and informed that “This is pertinent to mention that as per SOP of NCVBDC, the report was put up to the Expert Group on 21.03.2024 as an agenda mentioning that the copy of phase-III field trial with 0.58% with 0.58% Alpha-cypermethrin. However, the Expert Group noted that the inquiry committee report for irregularities by M/s. Shobikaa Impex Pvt. Ltd in supply of LLIN to NCVBDC forwarded to CBI for investigation following the instructions of competent authority. Hence Expert group did not deliberate on the report as the matter was sub-judice.	27.05.2024
24.	In 456th RC Meeting , RC discussed the matter in detail and the minute of 456th RC meeting is furnished hereunder. “With highest regards to the Order dt 27.3.2024 passed by the Hon’ble	

High Court of Madras, (Madurai Bench) in WP (MD) no7813 of 2024 RC deliberated the matter especially in terms of the observations made by the Hon'ble Appellate Authority in its Order dt 21.3.2022 passed in Appeal No 01/2022 with the experts from ICMR. The experts opined and emphasized on the following facts:

1. Taking advantage of 9 (3b), M/s Shobikaa Impex submitted to the Central Insecticides Board & Registration Committee (CIB&RC) data pertaining to Alphacypermethrin 0.55% w/w from a field trial carried out in UP, Assam, and Chattisgarh that was terminated prematurely in 2011. The Company was granted 9(3b) registration in 2015. The Company did not disclose to CIB&RC that the initial study was terminated in 2011.

2. M/s Shobikaa Impex continued to take advantage of 9(3b) and obtained three extensions for their 9(3b) provisional registration in 2017, 2018, 2019 without disclosing the fact that the initial study had been terminated. This prolonged their provisional status and allowed them to benefit commercially from the incomplete data.

3. After securing provisional registration, the company sought permission from the expert group in the National Centre for Vector Borne Diseases Control (NCVBDC) earlier NVBDCP to conduct a new three-season field trial, also called as Phase III trial. The new Phase III trial was conducted at three sites at Andhra Pradesh, Rajasthan and Chhattisgarh which were different from the sites in the original initial study used to obtain 9 (3b).

4. Importantly, the formulation of their LLIN had been changed from Alphacypermethrin 0.55% w/w to Alphacypermethrin 0.58% w/w without proper disclosure and approval. As the study protocol and progress reports, including the final report, were not reviewed or approved by the Expert Group of NVBDCP or ICMR, this fact never came to light.

5. M/s Shobikaa Impex attempted to justify this change in formulation by incorrectly applying the $\pm 25\%$ tolerance limit allowed for quality

fluctuations during the manufacturing process of LLINs. This misuse is scientifically unsound and unacceptable, as it does not justify any change in the active ingredient's nominal concentration in the LLIN formulation declared earlier in the 9(3b) provisional registration. By manipulating the regulatory process and submitting misleading information, M/s Shobikaa Impex undermined the integrity of the regulatory framework designed to ensure public health and safety. As a result of these irregularities, the Ministry of Health & Family Welfare (MoH&FW) established a special Inquiry Committee twice to investigate the matter. Following the committee's findings, under the instructions of the competent authority, the report has been forwarded to the Central Bureau of Investigation (CBI) for further investigation. It may be noted that, in the past, other LLIN manufacturing companies fully complied with the 9(3) guidelines for LLINs and duly procured permanent registrations u/s 9 (3) by submitting the three-season data without changing the formulation between the 9(3b) and 9(3) registration periods. Therefore, the present case needs to be reviewed in the context of unauthorized changes and M/s Shobikaa Impex Pvt. Ltd's non-disclosure of the facts to fulfill its aim of obtaining 9(3) registration. By virtue of following different concentrations of Alphacypermethrin, the two products containing 0.55% w/w and 0.58% w/w should be considered separately. These warrants separate full-fledged lab and field trials according to the ICMR protocol and sequentially conduct Phase I, II, and III trials before CIB&RC considers them for registration. There are scientific gaps in the data generation for each product, which M/s Shobikaa Impex Pvt. Ltd should be asked to fulfill before any further consideration.

The experts from CIB&RC Secretariat observed that the applicant has submitted FORM I, a statutory application, for registration of the Insecticides in the present case LLIN containing Alphacypermethrin 0.58% w/w u/s 9(3) of the Insecticides Act, 1968. During the review process RC also observed that the applicant has submitted the data on Chemistry, Toxicology, Packaging at a concentration of 0.58%. The issue germane to the matter was regarding the bio-efficacy data especially of

	<p>Phase II trials as to whether the same was submitted on 0.58% by the applicant. In this context RC also called for the entire technical material available at Secretariat of CIB&RC wherein it is revealed that the Phase I data is exempted for WHOPES approved product DURANET. The Phase III trials conducted by the applicant and submitted to the Secretariat of CIB&RC also indicates that the same were carried out at 0.58% w/w. RC also perused the report of Phase II trial conducted by the applicant and observed that although it was imperative on the part of the institute who has generated the data to specifically mention the concentration on which the requisite studies are carried out, only the terminology DURANET has been mentioned. which is supposed to be a brand name. It is also revealed from the report that the target dose mentioned in the report however, is found to be recorded as @0.55% w/w with the target dose of 5.8 g/kg a.i. corresponding to 261mg/meter square.</p> <p>Further, in terms of the observations made by the Hon'ble Appellate Authority in its Order dt 21.3.2022 passed in Appeal No 01/2022, the Secretariat of the RC sought the verification of the trial report from the concerned institute for deeper scientific deliberations/ discussions. The concerned institution informed that there is "NO ORIGINAL" report of the trial in their custody and as such they provided the photocopy of the report provided by the applicant himself. The report thus becomes doubtful.</p> <p>Hence, RC decided that M/s Shobika Impex may submit their view-points to clear the doubts and throw light on the above observations before the next RC Meeting so as to enable the RC to take a final decision in the matter on merits and necessary compliance be made of the aforesaid referred Orders.</p>	
25.	<p>In 457th RC meeting RC discussed the matter especially the communication received from NIMR regarding the conducting Phase II trial field study on product DURANET LLIN Submitted by M/s. Shobikaa Impex Pvt. Ltd., RC deliberated the communication received from the NIMR and reiterated its stand as per the comments from ICMR</p>	26.06.2024

	/NCDC / NCVBDC on the referred communication.	
26	In reference to the 456 th RC meeting, the applicant M/s. Shobikaa Impex Pvt. Ltd., has submitted their view points through letter dated 19.06.2024 and the same has been forwarded to the Director National Centre for Vector Borne Disease Control (NCVBDC), Vector Control Research Centre (VCRC), Indian Council of Medical Research (ICMR) through email dated 27.06.2024 and comments / inputs received from various organizations submitted to the 458 th RC meeting.	27.06.2024
